To the Participants
Deledda International School
Two Days Debate

October 27th and 28th, 2017
Palazzo della Meridiana
Genoa, Italy

Dear DIS TDD Participants,

as the managing director of the Fulgis Foundation, I have the privilege of supporting three schools in Genoa that continue to achieve outstanding results, as shown by the many awards and recognitions that our students receive.

DIS, our international school, is offering this TDD on the subject of nuclear energy control, a crucial issue both on the side of nuclear weapons proliferation and that of the controversial issue of environmental sustainability.

I would like to congratulate DIS students, teachers, and management for the initiative and for proposing such an important issue for the future of mankind.

Finally, I warmly welcome all participants to DIS TDD: it will be a pleasure to meet you and attend your debate next October at *Palazzo della Meridiana* in Genoa.

I'm looking forward to seeing you there!

Genoa, June 29th, 2017

Bernardo GABRIELE
